# Multiple Income Stream Made Easy – November 2016

Welcome to the November 2016 issue of Multiple Income Streams Made Easy. I'm very happy you're here and I hope to help you in your journey to wealth, health & happiness.

What kinds of income streams will you find in this, and future, issues?

- Internet Marketing
- Betting Systems
- Financial Trading
- Health Products
- Property – **SAVE £2,000** (Limited Availability)

The above income streams may not suit everyone, so if you have other interests, please let me know and I'll try to find an income stream suitable for you, and any other readers.

**More income streams coming soon** – please sign up at [www.opps-uk.co.uk](http://www.opps-uk.co.uk) to be kept up to date, via email, as and when new income streams are issued – **before** they appear in the next issue of Multiple Income Streams Made Easy.

## Why should you have multiple incomes streams?

History shows that only one income stream was needed for a family to survive. Nowadays, most families can't survive on two income streams and it is only going to get harder. With an uncertain future, you will be well advised to introduce multiple income streams to your life. Those that are successful, financially, have known this for some time. They recognise that if one stream dries up, they have others to rely on. Those less successful, financially, live life on the edge, as they know that if their stream dries up it could spell disaster, which could take years to bounce back from.

Looking forward, it is increasing likely that people are going to need a number of income streams from a variety of sources, just in case one dries up.

Do you currently have multiple income streams? If not, you need to add at least one more.

Think carefully about the following statements:-

***"Poverty is when large efforts produce small results. Wealth is when small efforts produce large results."***

Which would you prefer? Work hard for peanuts at various jobs you hate for 50 years, then die poor or work smart for a much shorter period of time, retire with multiple income streams.

I hope you enjoy this latest issue and the income streams it contains. If you have any queries or questions, please let me know. Please feel free to share this issue.

To your massive success,

Simon Clegg
